Strong Bones. Everyday. Corcium.

Calcium Tablet
For stronger bones
and active you

To get them to care extra for their bone health,
we embed ourselves into their daily lived
reality by **entering routines** they already
follow.

CORCIUM HIJACKS YOUR EVERYDAY CONTENT

Our TG is already interested in recipe content, makeup videos, skincare, and fitness trends, so we meet them where they are, to natively land on our promise of **3x better calcium absorption.**

The image is a three-panel instructional video featuring a woman in an orange tank top. Each panel has a title in a red box at the top and a speech bubble at the bottom.

- STEP 1**
Hydration 💧
My PM routine is incomplete without this **key step**.
- STEP 2**
Nourish from within ✨
I make sure I give my body what it **truly needs** every single day.
- STEP 3**
The final rep before I go to bed 💪
Stronger bones for a **stronger me**.

At the bottom, a black bar contains a bone icon with a checkmark, followed by the text: "Calcium deficiency can lead to weak bones, fatigue, and muscle cramps. | Make daily calcium intake a part of your routine with **Corcium D3**."

What starts off as a typical instructional video gradually reveals a deeper message about the importance of daily calcium intake with Corcium.

BONE HEALTH BENEFITS

- Builds Bone Density
- Improves Joint Mobility
- Increases Muscle Strength
- Supports Better Posture & Balance

♡ Your daily recipe can be your daily strength routine.
Cook. Move. Grow Strong. ♡

Strong Gestures, Stronger You.

SKINCARE THAT STRENGTHENS YOU.

Our routines are built around muscle-strengthening gestures like kneading, pressing and circular massage—because your bones love movement. ♡

BETTER SKIN. STRONGER BONES.
Muscle engagement boosts circulation and supports bone density.

♡ GOOD FOR YOUR SKIN. GREAT FOR YOUR BONES.
Because strength is the ultimate glow up. ✨

5-STEP STRENGTHENING SKINCARE ROUTINE
5 MINUTES. EVERY DAY.

- CLEANSE WITH PRESS**
Use firm, upward presses.
Works arms and wrists.
- KNEAD & LIFT**
Knead cheeks, jawline & forehead.
Engages hands, forearms & shoulders.
- CIRCLE & TONE**
Small circles around eyes and brows.
Improves control & finger strength.
- PRESS & SCULPT**
Press & glide along neck & collarbone.
Strengthens neck, arms & upper body.
- FINISH & FEEL**
Deep breaths. Massage in moisturizer.
Relaxes, restores & resets you.

MOVEMENT BENEFITS YOU CAN FEEL

- BUILDS MUSCLE ENGAGEMENT**
Supports stronger bones over time.
- IMPROVES JOINT MOBILITY**
Keeps you active, pain-free.
- BOOSTS CIRCULATION**
Brings glow to your skin, naturally.
- ELEVATES YOUR MOOD**
Movement releases feel-good hormones.

♡ **CONSISTENT MOVEMENT BUILDS A STRONGER YOU.**
Strong today. Stronger tomorrow. One gesture at a time. ✨

We often follow step-by-step routines while watching food, skincare and haircare content. So, for the first time, we create recipes and skincare, haircare routines built around muscle-strengthening gestures like whisking and kneading, making a complicating bun, helping audiences improve bone health while consuming their daily content.

3X

Corcium D3 powers those who've achieved greatness not once,
not twice, but three times over.

Deepti Sharma, The first Indian player to take a hat-trick in the Women's Premier League (WPL) recalls her journey,

Sab poochte hain field pe har baar 3x energy kaise laate ho?

Aise 3x energy ek practice session se nahi aati, iske liye consistency lagti hai, roz sahi choices leni padti hai.

Issliye, maine chuna Corcium D3, jo ensure karta hai 3x better calcium absorption, yaani hat-trick performance mere har hat-trick ke liye.

E-COM COLLAB

Smart e-commerce inserts drive instant social chatter

Corcium taps into this viral trend to bring alive its 3X promise through ***expandable tissues*** slipped into daily deliveries.

Just add water, and the tissues unfold 3X in size to reveal hidden calcium and bone-strength reminders.

Corcium uses expanding tissues to demonstrate how small daily habits can create stronger long-term outcomes.

Innovative tissues reveal hidden bone-health messages when they expand 3X with water.

TIMES NEWS NETWORK

New Delhi: In a unique step to promote bone health awareness, Corcium, a calcium supplement brand, has launched expandable tissues that grow three times their size when exposed to water—revealing powerful bone-strength messages hidden within.

The initiative aims to highlight how small, everyday choices like adequate calcium intake can lead to stronger bones and better long-term health.

"Our goal was to create something people would interact with, remember, and connect with," said a spokesperson from Corcium.

The expandable tissues come with every dairy or calcium-rich product purchase and carry reminders that unfold just like stronger tomorrows.

THE BIG IDEA

- Tissue grows 3X in water
- Hidden messages about bone health appear
- A reminder that small daily habits build stronger tomorrows

Hindustan Times

NEW LAUNCH

This tissue grows 3X bigger, just like the strength Corcium promises.

A simple idea with a powerful message for stronger bones.

HT Correspondent

htreporter@hindustantimes.com

NEW DELHI: Corcium has introduced an innovative way to remind people about bone health. The brand's new expandable tissues remain compact until they come in contact with water—then expand up to three times in size, revealing important calcium and bone-strength messages.

"Just like these tissues expand with water, your strength grows with the right daily habits," said the brand.

The tissues are being included with every calcium-conscious purchase to encourage better bone health.

A GROWING REMINDER

"Small daily choices today build stronger tomorrows. That's the Corcium promise."

Corcium turns everyday tissues into 3X expanding bone-health reminders

Innovation meets awareness in this unique calcium initiative.

In a refreshing take on health communication, Corcium has launched expandable tissues that triple in size when wet, revealing hidden messages on bone strength and calcium.

The campaign reinforces the brand's belief that consistent small habits today lead to stronger, healthier tomorrows.

PUSH
DOWN

Gaps between bones help
keep every movement smooth
and comfortable.

With 3X better calcium absorption,
Corcium D3 helps maintain bone
strength from within.

IDEA 2

*Nutrition conversations focus heavily on protein, sugar, weight or energy.
Calcium intake often goes unnoticed and under-prioritised.*

Even with everyday food sources of calcium, most women still fall short of their recommended calcium intake. Over time, this creates a silent but significant calcium gap that affects long-term bone strength and overall health.

The Calcium Gap

Corcium is the simple, daily supplement that helps women bridge this #CalciumGap and support their strength from within.

AI VIDEO 1

An AI-generated visual metaphor series that dramatizes the invisible “Calcium Gap” women experience in everyday life.

SAMPLE SCRIPT

Video opens to a girl in a modern office building normally walking down the stairs. As she moves her foot forward to the next step, the gap in the step starts widening dramatically and we see her looking scared and about to lose her balance.

Screen freezes.

feel 3x difficult.**

AI VIDEO 2

Procrastination is one of the main reasons our TCG delays taking important decisions. We personify this procrastination and create a character Miss CALyani, who always delays things to tomorrow, including, healthy eating, calcium supplements and workouts.

A woman, in her 30s, dressed in pajamas and a tee. There is a game-fied meter on her head that says - Bone Health.

Her phone rings. She picks up her mom's video call. Her mom asks her, 'Aaj khana banaya yah aaj bhi bahar se order?'
"Arey mummy, kal se banaungi pakka!
Aur subah walk pe gayi thi?
Nahiiii mummyy, kal se pakka!!

Everytime she says "kal se", the bone health meter keeps falling.
(She opens a drawer filled with untouched supplement bottles.)
Kal se calcium bhi! Promise!
(The meter dramatically falls lower with warning sounds like a game losing health points.)

VO:
Delaying good habits weakens bone health over time.

SIT DOWN COMEDY

Branded comedy sets
are the new thing in India right now.

We leverage the popularity of famous **female comics** upwards of 30, to do...

Stand-up sit-down comedy where they talk about their constant need to sit down, how it could be an indicator of calcium deficiency and how calcium is the underrated nutrient. They finally bring up Corcium and its 3x calcium absorption as the solution to the problem

Remember Sharon's viral weak independent moment

**We take a dig on it
in our new collaboration**

Jaisa ki maine pehle bhi kaha hai,
mai ek weak independent woman ban
chuki hoon...

Sits down on the stage
mid-comedy and says,
'Kyunki mere ghutne
jawaab
de chukey hain'

Kamaal ki baat toh yeh hai ki
maine koi sawaal bhi poocha
nahi ab tak, toh jawaab kaise de
rahe hain yeh...

Bhai mai sahi bata rahi hoon,
mai kaheen bhi baith jaati hoon...
kaheen bhi!

**Yeh dekhiye mai proof
bhi laayi hoon... ek
baar shopping karte
karte thak gayi toh
mannequin pe hi baith
gayi...**

**Mannequin bhi bol
pada
bas kar behen meri
jaan nikal jaayegi...
store manager khud
mall ke darwaaze
tak drop karke aaya
mujhe...**

Seemingly over-smart audience member:
Calcium deficiency ho sakti hai...

Calcium deficiency?
Aap doctor wactor ho kya?

Yes, I am a doctor... mai khud calcium supplements leti hoon (audience laughs)

Doctor ho aur khud hi
dawaai le rahe ho...

Haan... calcium toh har woman ko lene
chahiye after 30...

Maine toh nahi liya aaj tak ...

Isliye aap weak independent woman ho na...
(audience hoots)

Mam itne kataksh shabd mat kahiye, mere haddiyon mein hurt ho raha hai... laayiye main abhi hi le leti hoon calcium...

She takes her calcium tablet and reads the label...

Kya naam hai iska... Corcium... hehe sun ne mein calcium jaisa hi hai... naam padhke hi haddiyaan mazboot lag rahi hain...

She reads: 3X better calcium absorption... Sahi lag rahi hai yeh toh...

Sharon pops one pill, mid show... ab firse sit down comedy se stand up comedy pe wapas aana padega... calcium bhi le liya hai... ab toh banta hai... she stands back up...

BIG PR amplifies the message

Female comics are ditching stand ups for **sit-downs, but why?**

Watch viral video to find out.

A series of thin, light brown wavy lines that originate from the bottom left corner and flow towards the center of the image, creating a sense of movement and depth.

COMEBACK CULTURE

For many women,
*physical strength quietly declines over time due to
inadequate calcium intake, impacting stamina and
confidence.*

Corcium's
3X better absorption,
helps rebuild bone strength and supports
women to make a stronger comeback in life.

COME BACK STRONGER

An influencer campaign celebrating the powerful return of iconic TV stars who stepped away from spotlight and are now back 3X stronger, with new ventures and renewed purpose. At the heart of their stronger chapter is Corcium, powering them from within with 3X calcium absorption.

We open on Neha's notable accomplishments in the past in black and white. Then the frame shifts to colour, revealing her 3X stronger comeback today, as a successful entrepreneur, actor, and mentor.
